Reply:

1. The 10-year Development Blueprint for Sports and Recreation Facilities (the Blueprint) will involve about 30 works projects of sports and recreation facilities, which include sports centres, swimming pools, sports grounds and parks. We plan to commence 16 projects for sports and recreation facilities (the list of which is at Annex) and carry out technical feasibility studies for about 15 projects in the first 5 years. Projects confirmed to be technically feasible in Phase 1 will immediately commence in Phase 2. The technical feasibility studies for over 10 projects will also be conducted in Phase 2 at the same time.
2. We will provide the details on estimated expenditure and staff establishment when we consult the relevant Legislative Council panels and seek the funding approval of the Finance Committee.
3. Apart from projects under the Blueprint, the Leisure and Cultural Services Department also works with other government departments (such as the Civil Engineering and

Development Department) and policy bureaux (such as the Energizing Kowloon East Office and the Harbour Office under the Development Bureau) in planning and taking forward the provision of sports and recreation facilities under other works projects to meet the needs of the public.
