

## COMMUNITY SPORTS COMMITTEE

### Report of the “1st Hong Kong Games” Organising Committee

#### **Purpose**

This paper reports to Members on the progress of the preparatory work for the “1st Hong Kong Games”.

#### **Background**

2. To further promote a “Sports for All” culture among the public and enhance their sense of belonging to the district they live in, the Sports Commission (SC) endorsed at its 6th Meeting held in August 2006 that the 1st Hong Kong Games, to be co-ordinated by the Community Sports Committee, would be organised biennially starting from 2007 and that an organising committee be formed for organising this event. Subsequently, the SC invited representatives from its major partners in promoting community sports, including the 18 District Councils, the Sports Federation & Olympic Committee of Hong Kong, China, relevant national sports associations, the Home Affairs Bureau and the Leisure and Cultural Services Department (LCSD) to form the 1st Hong Kong Games Organising Committee (OC) to prepare for the 1st Hong Kong Games. The composition of the OC is set out at Annex 1. To promote and publicise the 1st Hong Kong Games effectively, a “Working Group on Publicity and Public Relations” (the Working Group) has been set up under the OC to deal with matters pertaining to the publicity and public relation affairs of the 1st Hong Kong Games. The composition of the Working Group is set out at Annex 2.

#### **Work Progress**

3. The OC and the Working Group have each held two meetings since December 2006 and endorsed the following arrangements for the 1st Hong Kong Games:

#### **Objective and Positioning of the Hong Kong Games**

4. The objective of staging the Hong Kong Games is to provide districts with more opportunities for sports participation, exchanges and co-operation with a view to facilitating communication and promoting friendship among the 18 districts, epitomising and forging closer partnership among all stakeholders and enhancing community cohesion. The Hong Kong Games will also seek to encourage more people to actively participate in sports, thus further promoting the culture of “Sports for All” at the community level. The competitions organised under the Hong Kong Games will be different from those which are aimed to select elite athletes as members of the national teams.

## **Competitions under the Hong Kong Games and the Prizes to be Awarded**

5. The 1st Hong Kong Games, comprising four sports items including table tennis, badminton, basketball and athletics, will be held from April to May 2007. Participating units are the 18 District Councils. In addition to prizes awarded to athletes/teams that are the champion, the 1st runner-up and the 2nd runner-up of each event (such as the 100 m individual event and 4 x 100 m relay team event in athletics,), prizes will also be awarded to participating districts which are the overall champion, the 1st runner-up and 2nd runner-up of each of the sports items. The 18 districts will also compete for the “Overall Champion of the 1st Hong Kong Games”. The Competitions Rules and Regulations of the Games are detailed at [Annex 3](#).

## **Method of Selecting Athletes**

6. The 18 District Councils in collaboration with the district sports associations and the District Leisure Services Offices (DLSOs) of the LCSD will determine and select the athletes/teams that meet the eligibility requirements and have the best records as the representatives of their own districts to participate in the Games. To ensure that athletes are selected by districts in a fair and impartial manner, the OC has, after considering the advice of the Independent Commission Against Corruption, issued guidelines to the 18 District Councils for their reference. The guidelines are set out at [Annex 4](#).

## **Financial Arrangement**

7. To tie in with the competitions, the publicity programmes and to provide all district teams with relevant support, the estimated funding for the 1st Hong Kong Games has been increased from the original budget of \$6 million to \$9 million. The OC will provide each district team with a funding of about \$150,000 through the respective DLSO of the LCSD, totalling \$2.7 million for the 18 districts. The aim is to subsidise the districts the costs of forming the district teams and organising pre-competition training. Other expenses of the Hong Kong Games include the costs of organising all the sports competitions and elite athletes’ demonstration/exchange sessions, as well as expenditures on publicity programmes/materials and the opening and closing ceremonies.

## **Publicity**

8. To enable the whole community to learn about the 1st Hong Kong Games and encourage them to support and participate in the Games, the OC has launched a series of publicity programmes, including designing the emblem of the 1st Hong Kong Games, preparing publicity banners, posters, pamphlets and souvenirs, designing a dedicated website, holding the 1st Hong Kong Games’ launching ceremony, organising “Cast a Vote for My Favourite Sporty District” and “Make a Guess at the Overall Champion of the 1st Hong Kong Games”, conducting elite athletes’ demonstration/exchange sessions, as well as organising a large-scale opening ceremony and a grand prize presentation ceremony. The proposed publicity plan is at [Annex 5](#).

## **Presentation**

9. Members are invited to note the progress of various items of work mentioned in this paper.

**The 1st Hong Kong Games**  
**Guidelines for District Councils Relating to the Selection of Athletes**  
**for Participation in the 1st Hong Kong Games**

1. Individual District Councils (DCs) may devise its own selection mechanism in accordance with the different conditions and situations of their respective districts in order to select athletes who meet the eligibility requirements set by the Organiser as their representatives in the 1st Hong Kong Games (the Games). The DCs may consider setting up a selection board/working group, or working through their existing councils, to decide on the selection methods to nominate athletes in their districts to participate in the Games. The selection methods may include the organisation of a selection competition, or by referring to the past competition records of athletes, or by choosing from the team members of the current district representative teams of the DCs/the district sports associations/the Leisure and Cultural Services Department (LCSD)/the respective National Sports Associations, or by selecting the winners of the district sports competitions organised by the LCSD. To enhance transparency, individual DCs should publicise their selection mechanism and criteria in their respective districts and provide channels for public enquiries. (For example, the selection mechanism and criteria endorsed by the selection board/DC/respective committee can be posted on the notice boards of the DC/ District Office/District Leisure Services Office of the LCSD for public perusal).
  
2. To avoid conflict of interests, those who are involved in the selection of athletes should abide by the following rules:
  - (i) To avoid any personal relations with any athletes standing for the selection, whether actual or perceived. If there is any possible conflict of interests, it should be declared to the respective DC, the committee or working group under the DC or the selection board (Please refer to the *Appendix* for the sample of the Form for Declaration of Interests);
  
  - (ii) To keep in strict confidence the information of all participants obtained through being a member of the above committee/board;
  
  - (iii) Not to disclose or make use of or use in any way the information concerning

the participants for the purposes of seeking individual or other interests without the prior consent of the respective DC, the committee or working group under the DC or the selection board; and

- (iv) To make all assessment and selection decisions on the principles of impartiality and fairness and in accordance with the selection mechanism and criteria set out by the respective DC and the above committee/board.
3. According to the rules for competition set out by the Organiser, athletes must reside in the district they represent and should submit the proof of place of residence to the person in charge of the competition in the respective district. Whenever necessary, the Organiser may ask the district that the participants represent to submit the participants' "Proof of Place of Residence" so as to prove that they reside in that district. "Local Residents" refers to the people who reside within the district boundary of a respective district, which is defined in the Maps showing the Constituency Boundaries for the District Councils Election. The respective DC must verify the proof of place of residence of the athlete concerned before entering his/her name on the enrolment form. "Proof of Place of Residence" refers to the original copy of the valid documentary proof bearing the name of the participant, such as:
- (i) Statements (such as rates demand note, bills for electricity and water charges, monthly bank statement or telephone bill) issued by public utilities/commercial organisations or banks within the latest three months;
  - (ii) Student's handbook (if the student handbook cannot be produced, the documents stated in (i) above bearing the name of his/her parent(s) together with the participant's birth certificate may be provided);
  - (iii) Declaration of place of residence issued by the Home Affairs Department; or
  - (iv) Mortgage statement, tenancy agreement or residence card.
4. If the DCs plan to organise competitions to select athletes in their districts as representatives to participate in the Games, the organising unit should publicise relevant details (including the eligibility requirements for participation in the selection competitions) and take control measures to ensure a fair game.

5. If the DCs plan to adopt the past competition records of athletes as the selection criteria, the conditions that the competitions concerned must satisfy and the required proof of related results should be clearly set out in the selection mechanism/criteria publicised before they are recognised as the basis for the selection of athletes. The Organiser has suggested that the following conditions of competition and proof of results be accepted for the selection of athletes:
- (i) The athletes of the respective district are holders of valid/recognised proof of results issued by the organiser for the open competitions of the relevant sports items held between 2004 and 2007 by the LCSD, the Hong Kong Amateur Athletic Association, the Hong Kong Badminton Association, the Hong Kong Basketball Association, the Hong Kong Table Tennis Association or the Hong Kong Schools Sports Federation.
  - (ii) The athletes of the respective district are holders of valid/recognised proof of results issued by the organiser of the relevant open competitions held between 2004 and 2007 which have been sanctioned or organised by the International Federations or the Asian Federations.
