

## LCSD Cup

### Calculation of School Rankings in Individual Scoring Events

#### (I) Competitions with Team Rankings

- For competitions with a single set of team rankings in a division (i.e., “Primary School Boys’ Division”, “Primary School Girls’ Division”, “Secondary School Boys’ Division”, and “Secondary School Girls’ Division”), these team rankings will count directly towards a school’s overall LCSD Cup ranking in that academic year. If a school enters more than one teams, only the best placing result will count.
- For competitions with multiple team rankings in a division (e.g., Primary School Senior and Junior divisions, or groupings by age), all team rankings within that division will first be consolidated into a single ranking for the school. This consolidated ranking will then count towards the school’s overall LCSD Cup ranking in that academic year.

#### (II) Competitions without Team Rankings

- For competitions without team rankings, a school’s ranking will be based on the results of all individual events/groupings within a division. Only the top 8 placements in each individual event/grouping will earn points for the school, according to the following structure:

Place <sup>(Note 1)</sup>	1st	2nd	3rd	4th	5th	6th	7th	8th
Points Awarded	10	8	7	6	5	4	3	2
Points Awarded <sup>(Note 2)</sup>	10	8	7	6	3.5	3.5	3.5	3.5

**Notes:**

- (1) If a school enters more than one participant in the same individual event/grouping, the results of all the school’s participants in that event will be counted.
- (2) For competitions where no classification matches are held for the 5th to 8th places, players that finish between 5th and 8th will each be awarded 3.5 points.
- (3) Students who do not advance to the knockout stage will not be awarded any ranking points.

#### (III) Important Notes
